

13 July 2011

Math Workshop for P5 parents

Following an overwhelming request by our P5 PTA members after the successful PSLE Chinese and Higher Chinese seminar, we have invited the NYPS Math Department to host a workshop especially for our P5 parent members based on a similar platform. This workshop is beneficial to all parents who wish to learn the strategies in helping their child mastering some of the methods taught in class. The workshop will include the sharing on how to solve math problems using the Model method, Ratio method and Simultaneous Mathematics Statement method.

We look forward to your presence at the workshop and your continual support in maximizing our pupils' potential in Math.

***In view of the limited sitting capacity and the comfort level of all attendees, a maximum of 2 tickets per family will be allocated. (One of the two attendees may be the P5 pupil).**

As this is a private event organized by the NYPS-PTA, please note that anyone other than pupil and/or pupil's parents are strictly not allowed to attend the seminar on their behalf. The ticket issued is not transferable. The NYPS-PTA reserves the right to ask for proof of identity in this regard and refused any entry.

Registration priority is given to all PTA members.

For non-PTA members, it will be on a first-come-first-served basis at a fee of \$10 per pax.

Date : 30 July 2011 (Saturday)
Time : 9.30am to 11.30pm
Venue : School Hall

Fee : Free for PTA member (Max. 2 per family)
\$10 per pax for non-PTA member (Max. 2 per family)

Ticket on the day of event is subject to availability. For non-ticket holder on the event day, you are requested to join the queue at a different counter to verify your membership detail. NYPS-PTA shall not be responsible for any missed lecture. Hence, please Register EARLY to avoid any delay on the day.
